Announcement

Dear Colleagues,

It is with great pleasure that we invite you to participate in the "11th Workshop on Applications and Generalizations of Complex Analysis", to be held on april 17th and 18th, 2009. As usual, we will have talks of about 25 minutes plus 5 minutes discussion. We would be very glad if you would decide to participate and even more to present a contribution. This workshop is satellite to the "14th European Intensive Course on Complex Analysis and Applications to Partial Differential Equations" to be held in University of Coimbra from april 13 to 16, 2009.

This workshop is intended to give an opportunity for discussions between junior and senior researchers from several european countries in various fields of mathematics related to Complex, Quaternionic and Clifford Analysis, like Algebra, Geometry, Numerical Analysis, Differential Equations, and Special Functions.

For more informations, please go to <http://www.mat.uc.pt/~ajplb/14.htm>. Besides a formal inscription by replying to this announcement there will be no fee. We are able to offer some grants for accommodations and/or lunches for students or junior scientist participants. Requests should be send to **Ana Foulquié Moreno** (foulquie@ua.pt) with the following data:

Name:

Affiliation:

I intend to participate in the Intensive Course: Yes/No

I intend to participate in the Workshop with a communication ____ / without a communication ____

Tentative title:

I need an invitation letter: ____; for that purpose, contact me via the e-mail: _____ or by fax: _____

I need help with accommodation in Coimbra or Aveiro: _____;

Please send as soon as possible a short abstract of your communication (in Latex, at most 10 lines).

Looking forward to meet you.
