Rita Simões
Paolo Vettori

The 4th International Castle Meeting on Coding Theory and Applications - 4ICMCTA, will take place in the Castle of Palmela (located in the surroundings of Lisbon) from 15 to 18 September 2014.

The conference will provide an excellent opportunity to present new results and to discuss the latest developments in the field of coding theory.

Participants are invited to submit a 4-7 pages paper by May 2, 2014. Accepted papers will be scheduled for a presentation during the meeting and published in the workshop proceedings which will be printed in the CIM-MS Series by Springer-Verlag.

Authors of accepted papers will be given the opportunity to submit a full paper to be published in a special issue of "Advances of Mathematics in Communications". These papers will be subject to a new reviewing process.
